

California Governor's Office of Emergency Services  
**EXECUTIVE SUMMARY – Lightning Strike, Venice  
Beach, Los Angeles County  
July 27, 2014 at XXXX hours**

---

**SITUATION OVERVIEW:**

At approximately 1630 hours the California State Warning Center became aware of reports that a lightning strike had occurred in Southern California, resulting in multiple injuries.

Per the Cal OES Southern Duty Officer, there are ten injuries at Venice Beach and there are three injuries at Catalina. Los Angeles County advised that they have not declared this a mass casualty incident (MCI).

There were no weather warnings in effect for the Venice Beach / Catalina Island area this afternoon. Weather Warnings received this afternoon (local Warning Points have been briefed):

- \* Flash Flood Warnings in effect until 1730 hours for portions of San Bernardino County
- \* Flash Flood Warning in effect until 1745 hours for portions Riverside and San Diego Counties.

Afternoon Thunderstorm Activity Forecast, per Oxnard Weather:  
Experiencing some isolated storm activity in the Los Angeles Basin, they are still expecting a thunderstorm threat this evening in the deserts. Additionally, they are expecting some activity across the coast this evening.

This will be the final report unless the situation warrants further notification.
